What is the difference between student and professional membership?

Can membership in SHRM help me find a job after graduation?

Yes. Job search books and placement studies all agree that nearly 70% of jobs are found through personal contacts or networking. Becoming part of SHRM gives you access to our network of more than 250,000 members and 450 student chapters nationwide. While SHRM does not offer formal placement assistance, we do offer the opportunity to meet and build relationships with the HR professionals who represent potential employers. Many of our student members have obtained entry-level jobs and internships that were never advertised to the public through the connections they made as active members of SHRM.

What is my chapter number?

Check with your student chapter advisor or a student chapter officer. A complete list of all student chapters and numbers is also posted on the SHRM student website. Visit www.shrm.org/students to locate your chapter number.

What if no student chapter exists at my school?

If no chapter exists on your campus, write “5000” in the chapter number space and obtain the signature of your academic advisor or other school official who can verify your student status. For more information on starting a student chapter at your school, visit www.shrm.org/students or contact SHRM at +1-800-283-7476.

Application procedure

- Complete the student membership application in its entirety. Special attention should be given to all fields which are designated “required.”
- If you are joining a student chapter on campus, please have your advisor sign your application.
- Don't forget to include payment for your membership.
- Mail or fax your membership application to the address listed on the application.
- Please allow 4–6 weeks for processing of mailed applications that include payment by check or money order. If faxing your application with credit card payment, processing time will be substantially decreased.
